

UPDATES IN TRAUMA CARE

The Trauma Center at ThedaCare Regional
Medical Center-Neenah presents

CROWDS, CRASHES AND AIR SHOWS

Tuesday, 06.07.2016 0730-1600

EAA Aviation Center, Oshkosh, Wisconsin

OVERVIEW

The Trauma Center at ThedaCare Regional Medical Center-Neenah is recognized as a leader in trauma care. As one of nine American College of Surgeons (ACS) nationally verified Level II trauma centers in the state of Wisconsin, the Trauma Center in Neenah is dedicated to providing comprehensive, multidisciplinary care for adult and pediatric patients. As such, we recognize the need and responsibility to educate the medical community and increase awareness of new developments in trauma care.

Updates in Trauma Care 2016 is designed to update physicians, nurses, EMS personnel, and other interested individuals on current procedures, accurate assessments, and appropriate management of patients with trauma related injuries from the pre-hospital arena, to the emergency department, intensive care unit and beyond. Our challenge is to provide optimal care to the injured victim and their families in a changing environment. The Trauma Center in Neenah is proud to offer this one-day conference. Local and guest presenters will be featured during this one-day program.

COURSE OBJECTIVES

Expected Outcome: Participants will be able to increase their awareness about current procedures, accurate assessments, and appropriate management of patients with trauma related injuries from the pre-hospital arena, to the emergency department, intensive care unit and beyond.

OVERALL OBJECTIVES

Following the completion of this learning session, participants will be able to:

1. Analyze case studies for greater insight into assessment, diagnosis and treatment of traumatic injuries.
2. Recognize the priorities in disaster preparedness, including triage and expedient transport to definitive care.
3. Discuss the anatomy, pathophysiology and treatment of traumatic injuries resulting from plane crashes.
4. Contribute to improving the level of preparedness for health professionals, to mitigate the impact of disasters.
5. Review the interdisciplinary team approach to complex multi-system trauma both pre-hospital and during hospital resuscitation.
6. Apply this information in professional practice.
7. Describe processes by which to apply mindfulness and self-care to current practice.

CONFERENCE LOCATION

EAA Aviation Center
3000 Poberezny Road
Oshkosh, WI 54902
